

Epic empowerment joins the West St. Louis County Chamber of Commerce.

The West St. Louis County Chamber of Commerce is a non-profit membership organization of businesses and professional people working together to promote the growth and expansion of commerce in the West St. Louis County area.

The Chamber represents businesses and the community in eight cities, including Ballwin, Clarkson Valley, Ellisville, Manchester, Twin Oaks, Valley Park, Wildwood, Winchester, and unincorporated St. Louis County.

Epic Empowerment is pleased to announce they are working close with the chamber of commerce in West St. Louis County, and will be hosting their meetings in their conference

rooms at Epic Empowerment Campus in Chesterfield beginning January 26th, 2023.

This is a huge milestone for Epic Empowerment's vision: to build a culture of leadership through supportive mentorship that teaches young adults to foster personal growth and success. Epic Empowerment hopes by joining the chamber of commerce will increase the connections among business mentors, and business opportunities for both the community and our students, we could not be more excited to share the news.

With more people being aware of our mission, and seeing how devoted we are to find a solution to latent problems such as unattended youth, Epic Empowerment Campus will be able to grow their resources, and give more learning experiences to our young leaders.
