

Beyond equal: Business Mentorship at Epic Empowerment Campus.

(*Chesterfield, MO*) The utilization of a business coach allows participants to learn from qualified and successful business leaders and entrepreneurs.

These coaches help participants to identify and map out their career pathways – from getting a job, transitioning to a new one, entrepreneurship, and more.

Business mentoring is an opportunity for you to get help from knowledgeable advisers who understand the needs of your business. Business mentors can help with: building your skills, providing insight and feedback on your practices, setting goals for growth.

Epic Empowerment overlays its work program with business mentorship. Similar to life coaching, business coaching provides professional mentorship to support, educate, and motivate business owners. In addition to providing motivation, the business coach will also help the participant develop, prioritize, and implement strategies to move toward career development. Having a Coach will give you many new perspectives, and you can experienced transformational growth and sustainable personal change.
