

Epic Empowerment Approved Missouri worksite for Youth

“An amazing opportunity for our young leaders to get involved in the business industry and learn how to be a great professional. We are thankful at epic to be working

with the W.I.O.A (Workforce Initiative Opportunity Act)” said our Epic Founder, Mark Moebius.

Our mission is to inspire youth and young adults facing economic, personal, and social hardships to take control of their future path. To do this, we lay the foundation for a secure environment, make

the connections with counselors, host families, community partners and business professionals, and build life-long skills so every generation has a future to nurture and grow.

Epic Empowerment Campus is growing its opportunities for young leaders. Through the opportunity act, Epic Empowerment has been approved as a worksite for young leaders, having different focus areas such as - but not limited to - culinary: microgreens farming, barista, meal prepping, and more. Lawn care: gardening, harvesting, maintenance, plumbing, landscaping, and more. Early childhood: assisting in daycare, teaching.

If you are interested in being a business mentor, or working with Epic Empowerment, please contact us through our e-mail media@epicempowerment.com or our website epicempowerment.org
